If this is OK, I will send to Linda Han. Who besides yourself did you want copied on email? Steve

Hi Linda

Donna asked that I send you the attached documents.

The 1<sup>st</sup> is a list of the names and addresses of each County District Attorney w/ the exception of Norfolk. The 2<sup>nd</sup> is a Governor/Commissioner approved letter. It is (w/the exception of the introductory paragraph) the same letter that you sent out under your signature to the Norfolk DA in April.

We had anticipated that the letter sent to the Norfolk would be shared by the DA with the other Counties. Apparently, the full content of the letter was never formally shared. We assume that this is that reason the Lab is now receiving subpoenas by County DAs and defense lawyers for information on samples that were not identified as part of the breach and tested many years earlier. Natalie Moore, the AAG representing/defending the Department/Lab in a number of these recent subpoena actions believes that it would in our best interest to "educate" the County DAs by providing them with the same information we provided in the letter sent to the Norfolk DA after our investigation was completed; hence our request to you.

Please note that I included all counties w/exception of Norfolk. You need only send out the letter to the Counties that the Lab serves.

Let me know if you have any questions or concerns. Otherwise please let us know when the letters have been sent.

Thanks - Steve
